AN INVITATION

We are asking the people who know us first

What we are building

18 paddle sites, 4 hubs and a 3-campus Paddle Sports Academy across Kerala by FY31. It starts with the Muziris kayak and canoe operation that Bond already holds.

What we are asking

₹5.25 Cr from up to 100 friends and family, at least ₹5 lakh each, for 34.4% of a new company: Bond Safari Paddle Sports Pvt Ltd.

What you get

Shares, an elected investor director on the board, a dividend policy from FY31, and yearly exit windows from FY31.

Confidential · for named recipients only · not an offer to the public

WHY NOW

Record visitors, a live concession, and almost no certified competition

25.9 million

tourist visits to Kerala in 2025, a state record. Domestic visits grew 12.6% in the year.

4 October 2026

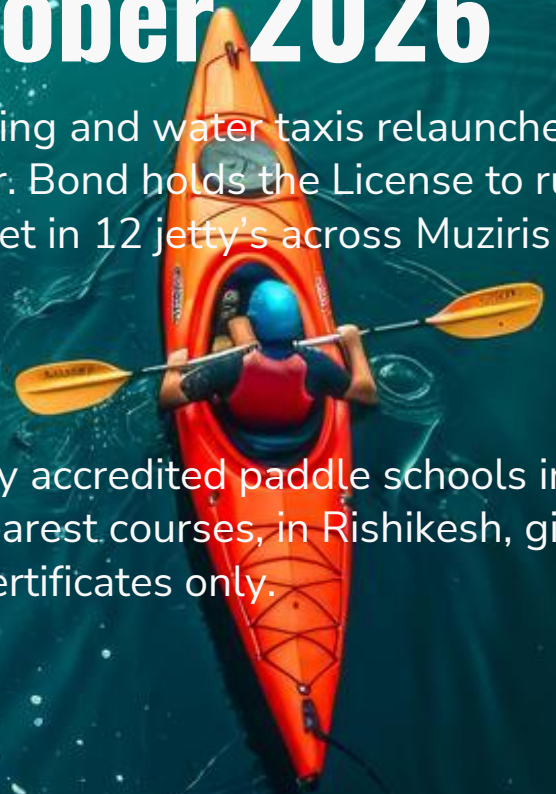

Muziris kayaking and water taxis relaunched by the Chief Minister. Bond holds the License to run the kayak and canoe fleet in 12 jetty's across Muziris Project.

First

operator registered under Kerala's mandatory adventure-tourism safety rules: Bond Water Sports, for scuba, kayaking, canoeing and parasailing.

None

internationally accredited paddle schools in Kerala today. The nearest courses, in Rishikesh, give completion certificates only.

MARKET SIZE

A ₹35–70 Cr paddle market in Kerala, inside a much larger tourism economy

Total market · India adventure tourism (2025)	≈ ₹1.7 lakh Cr (US$19.7 bn)
All tourist spending in Kerala (2025)	₹50,702 Cr
Serviceable market · paid paddle experiences in Kerala	₹35–70 Cr a year
Our FY31 target, all four drivers	₹21.9 Cr

Paddle experiences: 1.5–3% of 25.9 million visits paying about ₹900 each. Our FY31 experience revenue of ₹11.3 Cr would be 16–32% of that market. The rest of the target is Academy courses (₹6.5 Cr), resort, corporate and events sales (₹2.4 Cr) and the shop (₹1.7 Cr).

THE GAP WE FILL

Between a ₹300 pedal boat and a ₹5,500 resort paddle, there is almost nothing

₹300 a boat
District Tourism pedal boats

₹5,500 a person
Luxury-resort sunrise kayak

₹500–2,500 · Bond Safari
Rentals, guided tours, sunrise paddles, white-water

Safety you can check

Kerala now requires adventure operators to register. After the 2026 Ranipuram accident, people check before they book.

Training that counts

Rishikesh 4-day courses cost ₹17,500–18,500 for a completion certificate. We offer Paddle UK and ACA awards.

Where people already are

Our sites sit next to Kochi, Kovalam, Varkala, Kumarakom and Alappuzha, where most visitors go.

OUR STRATEGY

Four revenue drivers, built around one customer

1 · EXPERIENCES

₹13.7 Cr

63% of FY31 revenue. Rentals, guided tours, passes, resort and corporate packages, events.

2 · ACADEMY

₹6.5 Cr

30% of FY31 revenue, about 45% of its EBITDA. Paddle UK and ACA courses, guide training, schools.

3 · SHOP

₹1.7 Cr

8% of FY31 revenue. T-shirts, caps, rash guards, swimwear and paddle equipment.

4 · MEMBERSHIP

+₹1.4 Cr

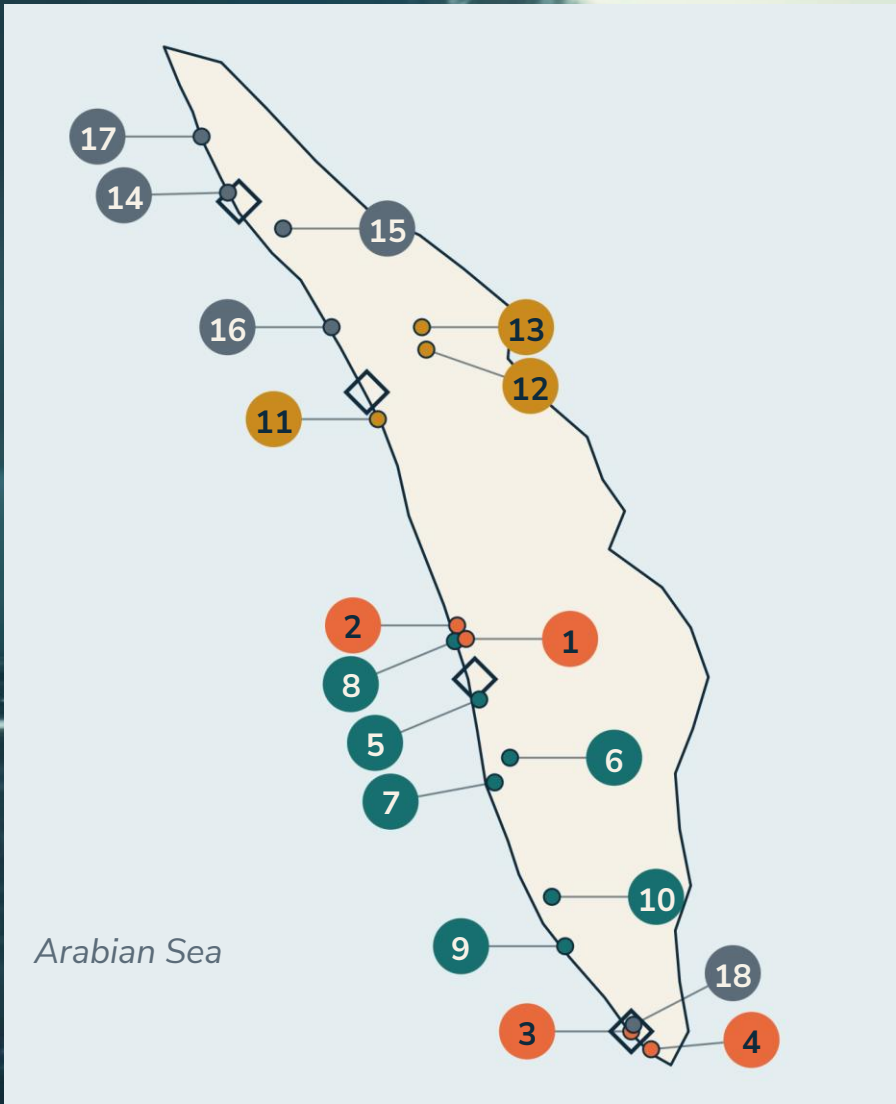

Upside, not in our numbers. Contribution in FY31 if the loyalty programme works half as well as designed.

The flywheel: a **taster** on the water becomes a **member**, a member becomes a **learner**, every learner needs **kit**, and the Academy trains the **guides** who staff new sites.

FY31 base case, total revenue ₹21.9 Cr · Bond Safari financial model

SITE ECONOMICS

A strong site repays its kit in one season

Site type, at steady state	Revenue a year	Site EBITDA	Margin	Repays its kit in
Kumarakom, owned	₹1.91 Cr	₹1.27 Cr	67%	~3 months
Kovalam, owned	₹1.44 Cr	₹0.89 Cr	62%	~4 months
Pookode Lake, District Tourism concession	₹0.33 Cr	₹0.12 Cr	36%	~14 months
Muziris (each site), concession	₹0.47 Cr	₹0.12 Cr	25%	~15 months
Cherai, owned (small site)	₹0.18 Cr	₹0.06 Cr	31%	~5.6 years

Owned sites carry the profit

Kit costs ₹32 lakh a site. Four sites (Kumarakom, Kovalam, Kochi, Alappuzha) earn about half of all experience revenue.

Concessions keep risk small

Government owns the water and boats; we add ₹14 lakh of kit and share revenue. Small sites are run only this way.

Before hub and head-office costs; excludes the shop · revenue share assumed at 20% until Muziris terms are final

THE BUSINESS AT DIFFERENT LEVELS OF CAPACITY

We break even at 42% of capacity; the plan reaches 58% by FY31

100%	187,600	10,800	₹34.5 Cr	₹15.4 Cr	₹10.0 Cr	₹76.8 Cr

WHAT 100% MEANS

292 craft at 18 sites, 4 sessions a day, 255 days a year, 45% of seats filled; plus 10,800 Academy places.

WHERE THE PLAN SITS

About 58% in FY31 and 69% in FY33. Above breakeven, most extra revenue becomes profit.

WHAT YOUR INVESTMENT COULD BECOME

Every ₹10 lakh invested, valued in FY33

BASE CASE

₹38.6 lakh

3.9× your money, about 24% a year over six years.

UPSIDE: 30% MORE PADDLERS

₹57.4 lakh

5.7× your money, about 32% a year.

IF GATE 1 FAILS

Loss likely

Expansion stops. The four sites carry on or are sold. You could lose a large part of your money.

How we value FY33: 5× EBITDA (₹45.1 Cr) plus net cash (₹17.6 Cr) = ₹62.7 Cr for the whole company. Your stake is 32.3% after the April 2027 second close, if you do not join it. Dividends from FY31 are paid out of this same value, earlier.

EXIT STRATEGIES FOR INVESTORS

Six ways to get your money back, most likely first

#	Route	When	How it works
1	Dividends	From FY31	30–40% of profit after tax each year; a cash return while you stay invested
2	Yearly exit window	From FY31	Bond Group or other investors buy your shares at independent fair value
3	Company buy-back	FY31 onward	Under section 68, up to 25% of capital and reserves a year; tax treatment on advice
4	Strategic sale	FY31–FY33	To a hospitality group, adventure platform or water-sports operator; tag-along takes you with it
5	Growth investor buys in	National expansion	A private-equity or growth fund buys out early shareholders in a larger round
6	SME IPO (NSE Emerge)	FY32–FY33	Needs ₹1 Cr operating profit in 2 of 3 years, met in the plan from FY29; least likely

Unlisted shares are hard to sell. Routes 1 and 2 are written into the shareholders' agreement so you are not relying on a sale or listing.

Companies Act 2013 s.68; NSE Emerge eligibility · subject to tax and legal advice

RISKS, TOLD PLAINLY

What could go wrong, and how we protect you

Risk	Protection
Demand is lower than planned	Gates: later money and sites only follow proven results
A safety incident	Certified guides, rescue boats, insurance, KATPS registration at every site
Monsoon months	White-water and training season, early-bird passes, cash buffer
Concession terms	Muziris revenue share not yet final; capex at concession sites capped near ₹14 lakh
MD sits on KATPS Technical Committee	Written recusal from any decision touching Bond Safari
Dealings with Bond Group companies	Arm’s-length agreements; investor director can veto
Shares are unlisted	Dividends and yearly exit windows (slide 17)

Full risk factors will be set out in the offer letter (PAS-4)
